

A1. Nudge:

Thanks for showing up to the free live masterclass earlier guys.

Feel free to ignore this if you've already submitted your application form.

This is your nudge to do it if you haven't yet.

I hope you're all aware that the value you've just gotten will fade away pretty fast.

Here's the link for it: [LINK]

A2. Client Result:

Let me tell you guys about one of my students.

Her Etsy shop was only making \$25 per month when she came to me.

It's touching nearly \$20,000 per month now.

All that was done throughout that four month period was selecting the right niche, creating a solid product line, and pressing the right buttons.

The only thing standing between her and yourself is the decision to make a change.

You can get started with that right here: [\[LINK\]](#)

A3. Recap:

I'm sure most of you guys remember my offer on the free live masterclass.

I'll give a little reminder though for the ones in the back.

Etsy Accelerator provides you with one-on-one access, one-on-one coaching calls, group coaching calls, community, and course content.

The Niche Vault is only one of the many bonuses included.

The only setback will be remaining stuck where you are forever.

This is what you've been looking for: [\[LINK\]](#)

N1. Nudge:

I know that some of you guys couldn't make it to the free live masterclass.

You're lucky that I've got a replay of it though: [LINK]

I'm just saying that it's not going to be up forever.

N2. Recap:

I'm going to give you guys a quick rundown of the free live masterclass.

My whole approach to replacing your full-time job as a nine-to-five worker can be boiled down to winging it versus pattern recognition.

I've covered absolutely everything around this throughout it.

I'm only keeping the replay up for a little longer: [\[LINK\]](#)

N3. Pressure:

I just want to bring something to the surface for all of you guys.

You registered for the free live masterclass because you wanted to skyrocket your Etsy shop to five figures per month in the next 90 days using "The Precision Play."

This is without gambling on the niche, having an endless product line, or getting hidden away.

I'm only mentioning this because I'm about to take down the replay: [LINK]
